Dear Mr President,

We at ZMPD, The Polish Association of Road Transport Carriers, including our member companies, Statutory Authorities and employees, are very shocked and saddened to hear about the terrible attack on the 19 th of December in Berlin, where a man ploughed a lorry into a Christmas market.

We still cannot believe that such a crime could have happened and the innocent people, getting ready in a merry atmosphere for the holidays, were killed and wounded.

We would like to support you with our thoughts and prayers, we are with all our heart with the inhabitants of Berlin and all the nation of Germany.

With deepest condolences,

Jan Buczek

ZMPD President
